CHILDFIND - According to Federal law, all children with disabilities residing in Niobrara Public School district, including children with disabilities who are homeless or wards of the state or attend non-public schools, regardless of the severity of their disabilities, and who are in need of special education and related services, will be identified, located, and evaluated. To locate the children with disabilities, each year we ask the public for assistance. If you have a concern about a child from birth to age 21, please call the school, Superintendent, or Special Education Department at 402-857-3322 or 3323, or stop by the office.

Parent involvement: We hope that you will be involved in your child's education as much as possible. Your child needs you more than ever. When parents are involved we are all successful together.

A major goal we have at Niobrara Public Schools is to maintain consistent communications with you regarding your child's progress, your child's future, their safety at school and their ability to develop personal responsibility and a strong work ethic.

Sports: All students in grades 7-12 planning to participate in athletic competition must first have a physical completed. Also, all Kindergarten and all seventh grade students are required to have physicals. Contact the office for this form or check the school website at www.niobraraschools.org

Let the games begin, cross country, volleyball and football. Come out and cheer on the Cougars!
