lard

## DRIVERS' EDUCATION

May 29-June 1, 2018  
8:00-4:00 p.m.  
Niobrara Public School  
\$190

# SKILLS USA

The Niobrara SkillsUSA Club traveled to The State Leadership and Skills Conference in Grand Island Nebraska on April 12th and returned on the 13th early due to the blizzard. We competed in the following contests: Job Interview, Nurse Assisting, Cosmetology, Power Equipment, Restaurant Service, Metric 500, Mouse Trap Racers, and Technology Team Problem Solving. Our students took time to observe other contests taking place to see if they could find something they could do next year. There are over 80 different contests that a student can compete in. Our students did a great job and represented our school well. *Mr. Runnels - Niobrara Skills USA Advisor*

## *Looking for Books!!!*

The end of the year is fast approaching. We hope everyone is looking for their overdue and lost books. Our policy is that these materials must be paid for at replacement cost if they are not returned. However, we would much rather have the books than your money. Please look under your bed, behind the couch, under the seat of the family car, in the trunk, on top of the refrigerator, in your closet, in an old book bag or even at your auntie or nana's house. We need your books! This will help the library stretch the budget, instead of spending all our money on replacement costs! It also allows us to get some great new books for you to read. Have a great summer!

*Ms. Weatherwax and Mrs. Stark*
