Brainwashing, What Could Go Wrong? by CMR is a story about an evil scientist named Dr. Malpracto who is trying to take over the world by brainwashing teenagers. Unfortunately, her plan goes awry when a semi-attractive and not so smart young man walks right into the middle of her experiment. Will this poor young man survive the advances of his classmates? Will Dr. Malpracto finally take over the world? Join us for one of our four shows to find out more.

Niobrara School Supporters

(NSS, formerly Booster Club) will meet on Wednesday, Nov. 6th at 6:30 pm in the Flex Room. Everyone is welcome! Come and discuss ways we can support our school, its students, and our teachers! Topics to be discussed at the meeting include hosting a JH Club basketball tournament on November 23rd and generating sponsorship for the NSS! Call the school for more information! Hope to see you all there!

The **Ponca/Santee Parent Education Committee** was created as a requirement to fulfill the compliancy standards for the Federal Government and Impact Aid regulations.

During the meetings, ways are discussed to ensure that our Native American students are afforded the same opportunities as all other students in the school through educational and activity programs available.

Demographic information has been created showing the diversity of our academic, athletic, activity, attendance, and honor roll. If you wish to review the data, it is available on the school webpage at:

Mrs. Crosley shared a story with the preschool!

TRANSPORTATION REMINDER

ALL transportation changes must be made before 3:00 pm Monday-Thursday and before 1:00 pm on Fridays and early dismissals. This will ensure students arrive home on time and safely. Thank you!
